RUBRIC

- 2011 _____
- 2012 _____
- 2014 _____

Evaluator Academy/Evaluator Re-calibration Training:

Participants for an Evaluator Academy or Evaluator Re-calibration training will have an account established on Calibration & Collaboration (C&C), formerly MLP Elevate. They will be provided a username and password in order to access training and calibration plans. A Calibration Assessment on a Master-coded Video will be made available on the final day(s) of the training. Submissions will be scored by a trained Reviewer. An Evaluator Report will be generated based on the results and sent directly to participants.

Evaluator/Re-calibration Training Minimum: Districts will be charged for a minimum of 8 participants for an Evaluator training in the event that fewer than 8 participants attend. Districts are encouraged to work with their BOCES or collaborate with other districts in order to meet the required minimum number of participants.

Evaluator Refresher Training:

Evaluator Refresher training does not include a Calibration Assessment on C&C nor will an Evaluator Report be provided. Pricing for Evaluator Refresher training is for a full day only.

The **maximum number** of participants for Evaluator Refresher training is 35. If there are more than 35 participants at a training, the sponsoring agency will be billed an additional cost of \$20 per participant.

POLICIES AND PROCEDURES:

Cancellation Policy: If the sponsoring agency cancels the training less than five business days prior to the scheduled date, the sponsoring agency will be charged a cancellation fee. Exceptions for weather-related cancellations should be discussed directly with ELT at 1-800-528-6208.

Training Facilities: Training facilities must include meeting room space with moveable chairs and tables. ELT discourages the use of cafeterias or auditoriums for trainings. Material and equipment requests include a laptop, projector and screen, chart paper and wireless Internet capability. Technical assistance **must** be available throughout the training to maintain Internet connectivity with sufficient bandwidth to support online activities throughout the training.
