

STRATEGIZE ON WHICH DIGITAL LEARNING RESOURCE TO USE

So many DLRs do the same thing. Which is the most user friendly?	
☐ What is the cost? What is the difference between the free version or trial and the paid	one?
☐ What is the easiest for students to navigate quickly?	
Which DLR do you know how to use the best and are the most comfortable with the interface?	
Which is the easiest for you to troubleshoot if there is a problem? Is it supported by yo department in the district?	our IT
☐ Which is the easiest for you to troubleshoot if there is a problem? Is it supported by yo department in the district?	our IT
Which integrated the most neatly with your Learning Management System and/or grades software, where applicable?	ding
DEVICE TROUBLESHOOTING	
☐ When in doubt, restart. This will probably fix the problem faster than anything else.	
☐ Is it charged? Even if it is, try plugging it in anyway.	
☐ Hold down the power button for longer than your think you need to.	
Try switching the device into airplane mode and then leave it for a minute, then switch This resets the Wi-Fi and Bluetooth radios built into most devices.	h it out
WI-FI DOWN? WHAT'S YOUR BACK-UP PLAN?	
☐ Have a pre-established plan for what students will work on when you need to troubles	hoot.
☐ The activity would be something students can work on without internet whether they a person or at home.	are in-
☐ Make sure students know what the expectation is and what they will need to do.	
☐ Long-term projects are ideal for this.
