CTE Certification

In May 2017, the Board of Regents amended the requirements to obtain Career and Technical Education (CTE) certificate titles. A CTE certificate authorizes the certificate holder to teach a specific CTE subject in an approved career and technical education program in a New York State public high school or BOCES. In NYS, certified teachers progress from entry level certificates (Transitional A or Initial) to the Professional certificate by completing specific educational and teaching experience requirements.

Initial CTE Certification:

To obtain Initial certification applicants need to complete nine credits of pedagogical coursework and the work/education combinations in one of Options for the Transitional A certificate. The nine (9) credits must include course work in:

- Human development and learning including, but not limited to, the impact of culture, heritage, socioeconomic level, and factors in the home and community that may affect a student's readiness to learn
ED 134: Undergraduate Course - Human Development (Cazenovia College Takes All Registrations)
- Teaching students with disabilities and special healthcare needs within the general education classroom, including assistive technology
ED 210: Undergraduate Course - Intro to Exceptionalities (Cazenovia College Takes All Registrations)
- Curriculum and/or instruction, including instructional technology
ED 343: Undergraduate Course - Curriculum, Instruction and Assessment (Cazenovia College Takes All Registrations)

ELT Courses Approved for Certification

Applicants for CTE certificates can apply for the Transitional A certificate and then progress to the initial CTE certificate OR apply directly for the initial CTE certificate based upon their individual work/education backgrounds.

Initial certificates are valid for five (5) years. During that time, CTE teachers complete the requirements for the Professional certificate.

Professional CTE Certification:

To obtain Professional certification applicants need to have fulfilled the requirements for the initial certificates and complete an additional nine credits of pedagogical coursework in the following:

- Teaching Literacy Skills Methods
ED 216: Undergraduate Course - Introduction to Reading: Teaching Children to Read 6
(Cazenovia College Takes All Registrations)
- Instruction and/or Assessment
ED 220: Undergraduate Course - Assessment of Learning (Cazenovia College Takes All Registrations)
- Classroom Management
ED 402: Undergraduate Course - Creating the Dynamic Classroom Environment
(Cazenovia College Takes All Registrations)

Applicants for the professional certificate must also:

Pass the Educating All Students (EAS) certification exam; and have three (3) years of teaching experience in the CTE field of their certificate.

These NYSUT Education & Learning Trust (ELT) courses are approved by the New York State Education Dept. Office of Teaching Initiatives as fulfilling certification requirements for specific certification titles and competency areas. Students must take the courses for college credit for certification purposes as the state does not accept in-service courses for certification.

*Beyond the courses listed above, NYSUT ELT cannot advise you as to which courses you should take to fulfill your specific certification requirements. NYSUT Education & Learning Trust recommends that individuals seeking to fulfill specific certification competency areas **NOT** identified on this list consult the state's guidance at <http://www.highered.nysed.gov/tcert/cwksatisfyunmetreq.html> when selecting courses to fulfill certification requirements.*

Effective 12/31/13, individuals submitting certificate applications to the state are required to complete six clock hours of coursework or training in the Dignity Act in accordance with Article 2 Sections 10-18 of the Education Law. This training is available only from a provider approved by the New York State Education Department.

Individuals pursuing their first teaching certificate should complete a registered program at an accredited NYS university or college.

Note: Effective September 2018, courses carrying SUNY Empire State College credit will have new course numbers due to changes with the college's registration system.
