Find and address inefficiencies

- ❑ “Wait, what are we doing?”
- ❑ Cast a wide net!
- ❑ Multimodal approach for delivering directions.

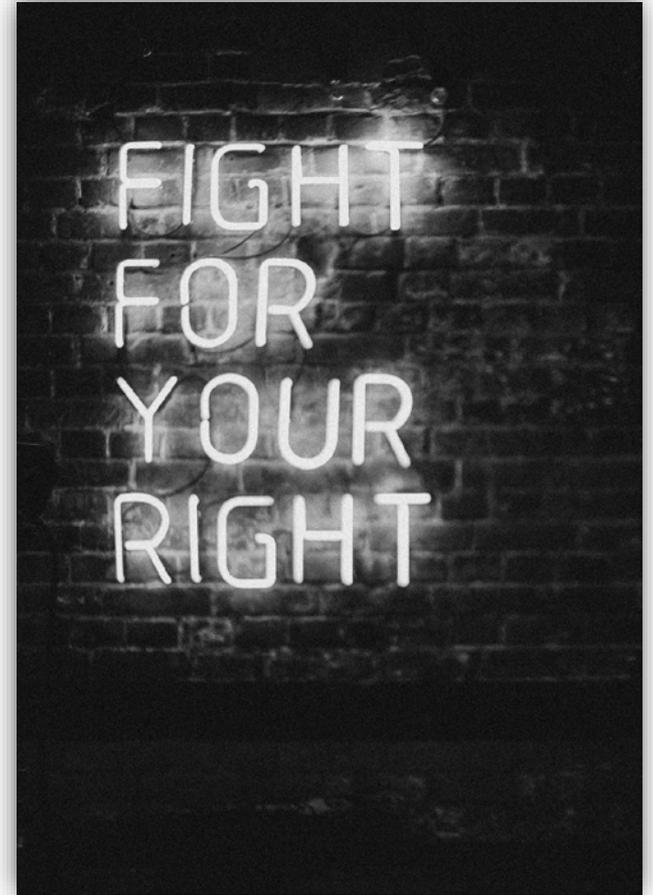

- Considerations: **Which one...**
 - is the most user friendly?
 - is free?
 - is the easiest for students to navigate QUICKLY?
 - do you know the best?
 - is the easiest to troubleshoot?
 - integrates easiest with your LMS and grading software?

*Ask yourself:
Is the juice worth
the squeeze?*

TIME SAVING TIPS:

- Know your contract
- Advocate for training
- Subscriptions paid by district

- ❑ Turn off emails at end of day
- ❑ Move away from the laptop and phone
- ❑ Set alarms for start and finish times
- ❑ Be patient with yourself and your students
- ❑ Set REASONABLE goals
